Best Practice-1

Title of the practice: Explore new techniques and educational methods for smoothly implement of curriculum.

Objective of the practice:

- To improve performance of students for campus placement interviews
- Giving task to advance learners to improve the skills and leadership quality.
- To provide dedicated training and personal counseling for Slow and Advanced learners.

Context: In recent years teaching and learning methods has changed quite a lot. Technological advancement and digitalization has become important for many industries as well as in education. There is a vital need to identify the strength and weakness and soft skills of students and to counsel them as per the need, as in recent years many pharmacist are graduating and special training is needed to make student ready to face the interview challenges and job ready candidate. A healthy competition among students for various events like oral presentation, debate, and quiz is adopted to improve the quality of students and increase the level of confidence in critical thinking and creative skills.

Practice: Orientation programs: Institute conducts various orientation and training programs as per the need, in regular intervals -these programs helping them to shape a bright future and make them understand how they can reach their goals. Students of final year are given the training on different modules as per industrial needs to make them job ready. For slow and advanced learner workshops arranged for motivation, confidence building and on soft skills.

Evidence of Success:

- The practice has helped the students to better understand the theoretical and practical concepts. Additionally, the organization skills amongst the students were groomed and also their presentation and communication skills were enhanced.
- The orientation programs were helpful for development of leadership skills, improvement in soft skill and overall personality development, which helped them for placement.
- Overall improvement in slow learners and for advanced learners made aware about different qualities that need to be developed in order to shape their future.

Problems encountered and resources required:

- As many slow learners required more time to cope with the current need.
- In many students lack of management and team work noted.
- It took more time to successfully implement new learning techniques.

Best Practice-2

Title: Promotion of sustainable environment

Objectives of the Practice: Environment sustainability is of utmost importance in the light of increasing environmental degradation; and the same can be accomplished with the implementation of eco-friendly facilities and practices. The objectives of promoting environment sustainability are:

- To reduce overall carbon and ecological footprints, to find innovative ways to reduce pollution, to promote the sustainable use of natural resources by implementing simple everyday practices to larger, innovative ones.
- To nurture generations of students who are sensitive to environmental concerns. The need of the present times is to educate the youth and the public about sustainability. The efforts of each of us can bring about significant positive changes in the pollution levels and ensure healthier lives for all of us.
- To maintain a waste-free, pollution-free, healthy, and eco- friendly green campus

Context: As Smt. Champaben Vasantbhai Gajera Pharmacy Mahila College has abundant plants and sunlight, it had become important to transform productively green waste and sunlight into sources of sustenance. To this end, the college has implemented mechanisms by which wastes can be utilized for the production of compost, and for its use as fertilizer in the college lawns and garden. The greenery on Smt.

Champaben Vasantbhai Gajera Pharmacy Mahila college campus is an oasis amid the neighboring commercial establishments and the traffic on the roads. Tapping the sunlight for generating solar energy is an important step towards reducing carbon footprints. The energy thus generated fulfils about half the energy requirements of the college.

In order to sustain the clean and green environment of the college, balance between utilization and transformation/disposal of wastes has to maintain. Routine generation of piles of used-paper presents challenges as well as possibilities. Waste papers can thus be recycled into new ones for multiple uses. Large quantity of green waste is generated in the college premises, which is effectively composted as manure.

The Practice:

Smt. Champaben Vasantbhai Gajera Pharmacy Mahila college is steadfastly committed towards creating an eco-friendly and sustainable campus. Instilling the urgency of environmental conservation and environment sustainability is realized through the following practices:

Events and campaigns: The College regularly organizes various events and campaigns to spread environmental awareness:

Refill the pen campaign: Campaigns for discouraging the use of polythene

Several campaigns by Eco-Club for creating awareness through social media are conducted. Student volunteers interact with the public to generate consciousness among them about the responsible use of natural resources. Students also visit biodiversity parks, wetlands and other places of ecological importance and learn ways to protect and conserve the environment.

Maintaining a green campus and an herbal garden: Smt. Champaben Vasantbhai Gajera Pharmacy Mahila College has a lush green vehicle-free campus. Dedicated area for parking has been allotted in the sports ground; vehicle movement and parking in the main campus is prohibited. The college has about 700 varieties of trees on campus that balances the ecosystem of the surrounding area. A herbal garden in the premises, with different species of medicinal plants, provides a healthful ambience in the college.

Evidence of Success: We have been able to create awareness amongst staff and students of our college regarding environmental challenges and the need for sustainability. Our students have received appreciation from the public during several campaigns; many people have promised to use the resources wisely and make all efforts to protect and conserve the environment.

Problems encountered and resources required: Challenge in motivating people - The public needs to be educated and motivated towards

Sustainability. Continuous efforts are made to create a general shift in the mindsets of the students and college staff towards generating an environmental consciousness. Lifestyle changes - Lifestyle needs to be modified for sustainable living by judicious use of energy sources. Smt. Champaben Vasantbhai Gajera Pharmacy Mahila College has made continuous efforts through rallies, campaigns, competitions and regular posts on social media to create awareness towards sustainable living.
